

## INTERNATIONAL PROGRAMS

International Student Services and student housing are bringing back International House next year. International House will be a special apartment style housing option for domestic and international students. US students will be paired with international students as roommates to live together and learn about different cultures in the process. If you would like to learn more about other cultures outside the US and are possibly curious about travel abroad, this may be a great opportunity to find out first-hand what it is like to live in other countries by living with an international student. This link explains International House in detail: <https://international.mercer.edu/international-student-and-scholar-services/international-house/> To qualify for to live in International House you must:

- Be a junior or senior for the 2020-2021 Academic year
- Have a genuine interest in learning about other cultures
- Be willing to help international students adapt to US culture
- Be willing to participate in monthly events

If you meet the above criteria and this sounds interesting to you, contact:
